

# Modifiers & Composables

Composable: `AnimatedVisibility`

Modifier: `animateContentSize`

Composables: `AnimatedContent` or `Crossfade`

## `.animateContentSize()`

```
Column(  
    modifier = Modifier.animateContentSize()  
) {  
    groupedVisits.forEach { year ->  
        val yearStr = year.firstOrNull()?.getYear()  
        Surface(  
            modifier = Modifier.clickable {  
                expandedYear =  
                    if (expandedYear == yearStr) null else yearStr  
            }  
            ...  
        }) { ... }  
    }  
}
```
